Dear Mr. Gordon:

Enclosed is a set of drawings for Ammicht et al 5-3-19, which is a CIP of parent case Ammicht et al 4-2-15. You'll recognize the latter as a case for which you recently provided me with drafts of formal drawings. Here are the tasks for the moment.

Figs. 1-9 of the enclosed are identically the same Figs. 1-9 in Ammicht et al 4-2-15, except for some minor corrections as follows:

Fig. 4: correct misspelled word "included";

Fig. 5 correct the box "store bits in..." – the queue numbers are 1, 2, 3.

Go ahead and enter those corrections.

Figs. 10 – 20 are the new material. Please provide formal drawings.

FYI, we may consolidate the parent and CIP applications, by abandoning the parent and pursuing all claims via the CIP. I don't think this move, should it occur, will add much to your work, since the formal drawings are essentially finished for Ammicht et al 4-2-15.

However, please give me a telephone call when you've received this package.

Yours truly,

/CEG/

Charles E. Graves
